About Abraham Lincoln University

Located in Los Angeles, ALU began in 1996 as one of California's first distance education law schools. Today, ALU is an accredited, student-centered online university providing flexible, affordable and high quality undergraduate and graduate degrees and diploma programs with a focus in law, business, arts and sciences and information technology.

Abraham Lincoln University is accredited by the Accrediting Commission of the Distance Education and Training Council.

The Accrediting Commission is listed by the U.S. Department of Education as a nationally recognized accrediting agency and is a recognized member of the Council for Higher Education Accreditation. Please visit www.detc.org for further information.

ALU has been named a military-friendly school by Military Advanced Education Magazine.

“Changing tomorrow’s, one student at a time.”

Education designed to meet the needs and time constraints of today’s armed forces personnel.

Welcome to Abraham Lincoln University

As a U.S. military veteran, I genuinely respect the commitment and sacrifices that men and women in today’s military make every day. It is a privilege to support service members who work hard to earn a college degree or diploma. The ALU faculty and staff are fully committed to provide accessible, quality academic programs and personalized service to all Active, Guard and Reserve military service members.

Roy Winter, President

- No fee for transcript evaluation, application, change of program, technology, and graduation

Academic Accountability

ALU’s online undergraduate and graduate programs serve students preparing for career advancement in military, business, government, law enforcement and legal professions. These areas of study are intended to prepare Active, Guard and Reserve service members for opportunities within the military and provide an educational foundation for graduates who leave the military for civilian life.

Dynamic, technology-based distance education environment engages students in a rich, multi-media learning experience.

Online classroom student access is typically available 24 hours a day, seven (7) days a week, including holidays.

Qualified faculty with industry experience interact with students continuously throughout each course via live chat, discussion board postings and email.

Academic progress advisors (APA) act as the student advocate and single point of contact from date of enrollment until graduation and proactively monitor student progress.
